- Demonstrated knowledge of the U.S. Constitution and the Wyoming Constitution either through coursework or an exam.

Note: Library Media may NOT be added via Demonstration of Competency

Reciprocity: Wyoming participates in state-to-state reciprocity; however, reciprocity implies an "equal exchange." Therefore, the requirements an applicant met to obtain his or her out-of-state teaching license must be equivalent to Wyoming requirements.

Wyoming generally recognizes all out-of-state teaching licenses IF the standards the applicant met in his or her state are equivalent to Wyoming licensing standards.

Equivalent standards include:

- Completion of a regionally or nationally accredited teacher education program
- Supervised student teaching
- Passing the required test(s) for the state in which you hold a teaching license
- Added endorsements are recognized in the same manner as described above. Complete details can be found through the National Association of State Directors of Teacher Education and Certification (NASDTEC) Interstate Agreement. This can be found at <http://www.nasdtec.net/?InterstateAgreements>.
