

# An Inquiry Stance

*I love playing video games. I wonder what it takes to create them.*

*Why couldn't we buy toilet paper when COVID started?*

*I'm sad today. Maybe I could try writing a poem.*

*I'm curious about how Japan is preparing to host the Olympics.*

*My friends are posting videos to Tik Tok. How can I learn to do that?*

*How can I convince my parents to let me go to nature camp?*

*I really loved reading Class Act. I need to find some other graphic novels just like that.*

An **inquiry stance** is a frame of mind characterized by curiosity, questioning, openness to new ideas, and a willingness to engage in pursuing answers and new understandings. Inquiry-as-a-stance has the potential to motivate and empower students to take charge of their own learning, both within and outside of school.
